ANDOR
an Oxford Instruments company

Quality Policy Statement

Andor Technology are global leaders in the design and manufacture of light imaging equipment.

As a company we are committed to providing an enhanced customer experience through innovative, inspiring products that have real application impact. We will achieve this via the promotion of continuous improvement throughout our company and by setting and reviewing company-wide objectives, whilst satisfying all applicable requirements.

To achieve this, management will ensure that all staff are fully trained and competent, operating against approved procedures within the Company's Integrated Management System; and at all times "live" by the Andor values:

- Do the right thing for our customers
- Continually innovate and improve
- Are open, honest and respectful in our dealings with others
- Focus on generating solutions
- Embrace change and are open to new ideas
- Honour our commitments
- Take pride in everything we do
- Are passionate and driven to win
